

Black Powder Nuze – April 2018

Well we had a pretty day to shoot even if we only had 5 shooters. Maby Mothers day got in the way of it. Anyway we shot pistols at 25 yds at a double bullseye. 5shots at each bull

Crockett	74
Sunshine	70
Mtn Man	66
Crazy Hawk	45
Windy Lee	29

Then we went to long guns--Shot a BIG squirrel sorta looked like a bear at 50 yds (8shots) then 10 shots at steel squirrels then 10 H/K blocks

This was my version of Daves infamous spring squirrel shoot. And it ended up like this.

	Squirrel/bear	squirrel trail	H/K	Total
Mtn Man	42xx	50	65	157xx
Crockett	47x	40	70	157x
Windy Lee	37xx	20	65	122xx
Crazy Hawk	20	10	60	90
Sunshine	33	10	15	58

REMEMBER NO SHOOT IN JUNE !!! See ya in July
