

This has not been a good year so far for shooting the .22 trail. We had snow. Then serious rain. And last month it wasn't raining when we started shooting but neither Gary, Darrel, Lee, or Dave managed to finish. You guessed it, it started raining AGAIN. It looks like THIS Tuesday will be warm and DRY so we are hoping folks will come out and give the trail a chance. Hope to see some of you out there! Thanks!
